Schedule t	3—Certification of Shared Services
County-district number or vendor ID: 108906	Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable. Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

Schedule #4—Request for Amendment			
County-district number or vendor ID: 108906 Amendment # (for amendments only):			
Part 1: Submitting an Amendment			

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail *or* by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Division of Grants Administration, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-7915.

The last day to submit an amendment to TEA is listed on the <u>TEA Grant Opportunities</u> page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

## Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Division of Grants Administration Administering a Grant page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

# Schedule #5—Program Executive Summary

County-district number or vendor ID: 108906

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

McAllen ISD's ambitious and achievable plan will build on our existing strong preschool infrastructure to expand access to high-quality Prek Programs for 100 children and to improve the quality of teaching practices utilized by early education teachers at two (2) Texas Rising Star (TRS) 4-Star private providers. McAllen ISD's plan will enhance quality in areas that have long desire to improve. McAllen ISD will use this grant to improve quality by:

- \* Reducing the academic achievement gap;
- \* Increase participation in early childhood education programs;
- \* Increase parental engagement, family literacy, and parenting skills and;
- \* Increase oral language development and social competence.

This grant will provide additional access to low-income children in our indigent McAllen community areas. This proposal will make high quality early education available to more children, augment professional development opportunities and aspire to improve the early childhood workforce by raising the standards by which early education reading readiness is measured.

This requires that children's early childhood settings provide intentional and developmentally appropriate instruction that balances physical, cognitive, social and emotional development. It also requires that a child's learning opportunities provide an adequate amount of time through the course of a year, as well as year after year, for children to have child-friendly yet instructionally rich experiences.

The vision for the PreK Planning Grant for McAllen Independent School District is an approach to improve the quality and coherence of children's learning opportunities, from the experiences children have before they enter the K-12 system in the following areas:

## LOW TEACHER/CAREGIVER-CHILD RATIOS AND SMALL GROUP SIZES

Fewer children per adult allows educators to tailor instruction to children's styles and pace of learning.

# SAFE PHYSICAL ENVIRONMENT

Children's natural curiosity is stimulated by an environment within which they can explore safely and semi-independently.

# AGE-APPROPRIATE MATERIALS

Children are able to access resources. Materials encourage exploration and extension of prior knowledge.

# WELL-QUALIFIED TEACHERS/CAREGIVERS AND ONGOING STAFF DEVELOPMENT

Teachers and caregivers possess college degrees and specialized training in early education and child development as indicated by certifications and endorsements. Staff attainment of advanced education and training is encouraged. Data driven instructional practices and individual professional development plans are implemented.

# WARM, RESPONSIVE TEACHER/CAREGIVER-CHILD INTERACTIONS

Educators are mindful of and sensitive to children's social emotional development and family context.

INCLUSIVE PROGRAM LEADERS WHO ESTABLISH CONDITIONS THAT SUPPORT EFFECTIVE PRACTICE Reflective practice and supervision occur routinely. There is protected time for staff collaboration and planning.

Cabadula	#5Program	Evecutive	Cummon	(cont.)
Scheaule	#5Program	Executive	Summary	(CONL.)

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

#### LANGUAGE-RICH ENVIRONMENT

Educators provide profuse exposure to vocabulary that extends children's learning, and multiple formats of accessible printed materials are used.

#### INTENTIONAL INSTRUCTION

Educators individualize instruction based on early learning and development standards, as well as children's interests, dispositions, and prior achievements. Educators are intentional about allowing for open-ended responses to encourage higher order thinking; and articulation while encouraging creativity.

#### SOCIAL EMOTIONAL SUPPORT

Social-emotional developmental theory intentionally informs all aspects of the program. All staff is trained to useproactive, positive approaches to discipline, and the environment and staff behavior emphasize the centrality of relationships.

# STRONG FAMILY AND COMMUNITY ENGAGEMENT AND SUPPORT

Dedicated staff with specialized training connect families to community resources and engage in active two-way communication to support the success of both the child and the family.

# CONTINUITY OF CARE

To minimize transitions and help children develop secure relationships, programs are mindful of and seek to minimize disruptions, including changes in settings, staff group assignments, staff turnover and natural transitions such as entering and exiting programs. Staff uses proactive practices to reduce absenteeism.

The Prek Partnership Grant will allow McAllen ISD to establish partnerships with Texas Rising Star Providers to expand our continuous efforts in addressing Kindergarten readiness and the primary stages of early literacy. This program will significantly advance preschool quality and early education/public preschool partnerships within the McAllen community. It will enable the commonwealth to better meet the needs of each community's vulnerable families through improved outreach, access and coordination of comprehensive services, assuring that young childrens' development is supported and nurtured in their home environments, as well as in their preschool settings.

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The McAllen Independent School District is focused on strengthening the system of early education and care as a critical element of the education pipeline from cradle to career. McAllen ISD strives to bring together a growing community of early education and care providers, educators, academic researchers, business leaders and individuals to raise awareness of the crtical importance of fostering the cognitive, social, and emotional development of young children. By providing a strong start to our youngest citizens we will create a stronger, more prosperous future for all. McAllen ISD is dedicated to increasing coordination in our system of early learning and development and aims to prepare children for school success, especially those with highest needs.

McAllen, Texas families face the same economic challenges as many other cities across the state and in the nation. Families with young children, especially those in high-need communities, face the acute challenge of accessing one of the most expensive early education care system. Our most vulnerable families include those living with limited income, multi-generational poverty, significant housing instability, health and mental health needs, nutrition challenges and chronic trauma, stress and adverse childhood experiences. These young children need access to high-quality preschool that represents both a common need and an immensely effective stabilizer for the family that will in turn,advance both child's and parent's well being.

The National Center for Children in Povery reports that in 2014 there were 2,252,196 young children under the age of 6 that lived in extreme poverty and 50% are of the Hispanic origin in the State of Texas. According to the latest poverty estimates released by the U.S. Census Bureau, Texas continues to lead the nation in poverty. McAllen, Texas has 26.4% of young children living below poverty level (*Source: U.S. Census Bureau, 2010*).

The Pre K Partnership Planning Grant will take an additional, sifignicant step towards to advancing access to eligible children in high quality preschool program in McAllen, Texas. The plan will build upon other investments in early education and care and will engage all elements of early education and care. McAllen ISD will be partnering with two (2) Texas Rising Star (TRS) 4-Star private providers. The district will be the fiscal agent and program manager and will enroll a total of 100 eligible three and four year old children.

The district will continue to build partnerships with regional, state and local organizations to make community and system wide improvements that will advance the effectiveness and efficiency to provide a comprehensive service continuum for young children in the McAllen community. The grant opportunity will allow for improvements in the areas of staff development, instructional refinement and enhancement of family engagement to allow a seamless transition from the child care provider to the K-12 public school system.

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

McAllen ISD has a district committee that safeguards the monitoring of goals and strategies. Effective district planning and execution is built on a clear, consistent, shared and an achievable vision for the district and its future. All educators, administrators, teachers and specialized instructional support, have the opportunity to play an indispensable role in the design process by setting student learning and professional goals that develop their practice and capacity, as individuals and teams, to support the district strategy for success.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds? How will you ensure that all project participants remain committed to the project's success? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

McAllen ISD is committed to meeting the needs of all students in McAllen, Texas. McAllen ISD will use funds from this grant to serve the number of eligible children as described in its ambitious and achieveable plan for each year. Through the district's commitment, McAllen ISD will continue to sustain instructional programs to meet the needed services of our PreK children beyond the grant period. McAllen ISD will work to sustain these programs by planning and identifying supplemental funding sources to sustain over the long term. The sustainability plan will be to include an active examination of approaches to seek effective and long term avenues to ensure that program continues beyond the grant and they are as follows:

- 1) Continue to offer comprehensive services in our Preschool Program;
- 2) Continue to offer family engagement practices at the local level and:
- 3) Continue to offer professional development systems that include more targeted and individualized coaching, mentoring and consultation designed to meet the unique needs of programs and teachers within those programs.

Improvements to this grant program will ensure that eligible children are receiving the highest quality early care and education experience to succeed in school and life. The district and child care provider will be responsible for monitoring, evaluating, and reporting to provide and maintain fiscal accuracy and accountability, to provide effective and efficient program management and to accurately report child and program level data.

Part 2: Data Collection and Problem Correction. Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The ultimate goal is to improve child outcomes and close achievement gaps. Child outcomes should always be kept front-and-center in planning, implementing, and evaluating PreK efforts. This Framework is based on the premise that there needs to be more intentional focus on the changes that need to occur in adult behaviors/skills, and to the system itself, before meaningful child outcomes will be realized.

This Framework is intended to be used a tool to support the development of a comprehensive PreK grade approach. It will be used to establish:

- A foundation of content, process, and norms for professional collaboration within and across age and grade levels from PreK through elementary school;
- Shared visions of high-quality, developmentally based learning for young children in early learning and elementary school settings:
- Implementation plans that establish accountability for improving child outcomesand closing achievement gaps; and
- Evaluation strategies that help to ensure that the activities and structures put in place actually impact child outcomes.

Continuous quality improvement is an ideal process to ensure that McAllen ISD's preschool programs are systematically and intentionally improving services and increasing positive outcomes for children. McAllen ISD is already using such a system to interpret data. This online data management system provides a means for collecting, analyzing, and sharing of student data assessment results.
